

Foot Valves Extractor

Model 320 Foot Valve Extractor

EBW's 320 foot valve extractor is designed for use with EBW's model 150 & 156 1 1/2 inch foot valves. The extractor valve provides a means to remove foot valves easily from underground storage tanks for cleaning or servicing. The model 320 foot valve extractor is gasket sealed to prevent loss of prime caused by air being sucked in through the top fitting.
